Learn More

What will students do and learn?

- Identify the role of money in everyday life
- Play a board game to earn money for a business start-up scenario
- Match their interests to potential business ideas
- Create a business plan for a start-up
- Play an import & export game to learn about global trade

“ One of my favourite parts of the program is the Business Board Game. The students track their money inflows and outflows using a Money Tracking Journal, and things get competitive fast. It’s fun, energetic, and where some of the best learning happens.
