Program Length: 2-6 hours

Program Format: In-Class or Online

Supports Curriculum: Language, career education

Provided Resources: Classroom presentation, interactive digital resources, and a physical kit or resources for activities/games*

*physical kit for in-class/in-person programs

Learn More

What will students do and learn?

- Match the necessary skills to be successful in different jobs
- Identify the best way to communicate in different scenarios
- Use collaboration skills to build a tower in a team building activity
- Design a wireframe for a new app to solve for a current problem
- Identify goals for the future and the skills that will help achieve them

“

So many of the kids came up to me and thanked me saying things like: “I understand what a growth mindset is” and “I know how to locate my skills and what I still need to learn”. This is a valuable program and the content is fantastic.

”

JA Volunteer

How do I access this JA program?

Step 1

Reach out to your local JA office to register your class.

Step 2

Your local JA contact will follow up to coordinate details for teacher-led programs or to coordinate a volunteer to facilitate the program. Volunteer availability may vary by location.

Step 3

Access the online resources for your program on jacampus.org and the physical kit material. If a volunteer will be facilitating the program, these details will be shared with the volunteer.

Access to online resources requires setting up a free JA ID and using a program access code (provided by your local JA office).
